This is to certify that the foregoing is a true copy of the returns of the Democratic primary held in Franklin county on December 18th, 1900.

STUBBLE CREEK.

Weather is fine for visiting.

Mrs. John Graves is still very low with typhoid fever.

Miss Susie Pulliam and her brother, Mr. Robert Pulliam, of Indianapolis, Ind., are visiting relatives in this community.

Mr. Harrison Sudduth is very ill. Being an old man his recovery is very doubtful.

Mr. Lee Green is seen very often going in the direction of Mr. George Mitchell's. Wonder what can be drawing his attention? Perhaps it is his pretty daughter, Miss Mittie. She is a charming girl. Lee, I cannot blame you for going to see her, but you had better keep your eyes open for Mr. Cup and Saucer might beat your time.

Miss Hazie Pulliam's birthday party was a success last Friday night. Quite a large crowd was present. She received many nice presents.

Mr. Curt Moore paid his respects

CONSUMPTION

Do not think for a single moment that consumption will ever strike you a sudden blow. It does not come that way. It creeps its way along. First you think it is a little cold, nothing but a little hacking cough; then a little loss in weight; then a harder cough; then the fever and the night sweats. Better stop the disease while it is yet creeping. Better cure your cough today.

You can do it with

Ayer's Cherry Pectoral

The pressure on the chest is lifted, that feeling of suffocation is removed, and you are cured. You can stop that little cold with a 25 cent bottle; harder coughs will need a 50 cent size; if it's on the lungs the one dollar size will be most economical.

"I confidently recommend Ayer's Cherry Pectoral to all my patrons. I am using it now in my own family. Forty years ago I feel sure I saved my life." A. S. EIDSON, M.D., Jan. 4, 1898. Fort Madison, Iowa.

Write the Doctor at any time. Address, Dr. J. C. AYER, Lowell, Mass.

to Miss Hester Phillips last Tuesday night. I have often heard old coals are easy kindled, and I guess it must be true with them any way.

Miss Ester Moore, who has been visiting her sister, Mrs. Walter Mitchell, of Bridgeport, has returned home.

Mr. Earl Moore was the guest of Miss Bessie Moore Sunday last. Wonder what has become of Arch.

Mr. Warren Pulliam is having a new house erected.

Primary election is over and every thing appears to be calm except Jim Moore's mill, which has begun whistling again, and, since he was defeated, he seems to be calm also.

Wonder what has become of the Lily of the Valley? I guess the weather has been too cold for her, as the Lily is a very delicate flower. I hope when spring comes she will be all right again and will write another letter.

The Goose Creek correspondent has ceased to write. I guess the geese must have run her off, but I hope she will return soon and write another letter to the dear old Roundabout.

The primary election is over and times are very good hereabouts. Votes are very high and consequently we had plenty of whisky to drink and money to buy Christmas things. Oh! there is nothing like politics, which makes Bald Knob the happy land.

Wash Sudduth's attorney, Mr. Harrison Chism, has recovered from la grippe and is able to be out again. Look out, George Hulet and Bill Sudduth, we are going to prove where that hog's head went to.

SANTA CLAUS.

FORKS ELKHORN.

Christmas passed off very quietly. Miss Mayme Gallahue was indisposed the first of the week.

Mr. George Goddard, of Lexington, was in our village this week.

Mrs. Drue Darnell and children, of Georgetown, are the guests of Mrs. M. B. Lucas.

Mr. D. Morris Brock has returned to Mississippi, after a short stay with his mother and father.

Miss Mattie Lucas, of Monterey, Owen county, spent Christmas with Mr. M. B. Lucas and family.

Mr. Russell Hughes, who has been in Louisville under treatment, has returned home.

Miss Mary Lark Nichols and brother, T. A., of Lexington, were the guests of Miss Carrie Brock and brother, Morris, this week.

A KID.

(From the Merchant and Manufacturer.)

THE LOUISVILLE LEAF TOBACCO BUSINESS.

Of all the interests centering in Louisville, there is none of greater magnitude or importance than the tobacco interest. It is an undisputed fact that Louisville is the largest leaf tobacco market in the world, and buyers are constantly here from all parts of the North American continent as well as from European countries. The great prominence of this city as a leaf tobacco market is largely due to the energetic efforts of the warehousemen. They are constantly advertising its advantages and facilities, and have attracted the attention of manufacturers to the Louisville

market in a way that has proved highly advantageous to growers and shippers. By their intelligent enterprise, liberal views and progressive tendencies they have built up the leaf tobacco business of the Falls City to its present magnificent proportions.

One of the live and go-ahead concerns in this important line here is the Stone Tobacco Warehouse Company, which is a young and vigorous house and one that is making itself felt in the Louisville tobacco market.

The Stone Tobacco Warehouse Company are commission merchants for the handling and sale of leaf tobacco, and are splendidly equipped for successfully prosecuting the business. They are proprietors of the Stone Warehouse, situated at Nos. 917, 919 and 921 West Main street, which is the best located, most convenient and best arranged leaf tobacco warehouse in the city of Louisville. The capacity of the warehouse is 1,000 hogsheads of tobacco.

The Stone Tobacco Warehouse Company handle all kinds of leaf sold in Louisville market—light burley, dark tobaccos and other grades. They are in constant receipt of consignments from all the great tobacco-growing sections of Kentucky as well as Indiana, and are always able to dispose of the same to the best possible advantage for all concerned. They have auction sales daily, and their sales are always well attended by the best class of buyers.

They do a strictly commission business, and make it a uniform rule to send prompt returns to their shippers, thus making theirs a most desirable concern to do business with. They give four months storage free.

The Stone Tobacco Warehouse Company is a comparatively young concern, having been in operation but one year, yet in that brief period they have built up a very gratifying business. They are not in the combine, but thoroughly free and independent, and, having abundant capital, they are in a position to prosecute their business with vim and vigor.

The company is regularly incorporated and well and ably managed. The officers are: Sam H. Stone, President; E. M. LeCompte, Vice-President; W. H. Sotne, Secretary; J. C. Stone, Treasurer.

Sam H. Stone, the President of the company, is one of Kentucky's well-known and prominent citizens, and stands high in financial and business circles. He is thoroughly posted in the tobacco business, having been both a grower and buyer of the commodity. E. M. LeCompte, the Vice President, is a gentleman of experience, well and favorably known in the trade. Messrs. W. H. and J. C. Stone, respectively Secretary and Treasurer, are active, energetic and painstaking young business men.

The Stone Tobacco Warehouse Company has certainly met with marked success, and enjoys in a high degree the respect and confidence of growers, shippers and buyers.

HOW TO CURE CROUP.

Mr. A. Gray, who lives near America, Duchess county, N. Y., says: "Chamberlain's Cough Remedy is the best medicine I have ever used. It is a fine children's remedy for croup and never fails to cure." When given as soon as the child becomes hoarse, or even after the croupy cough has developed, it will prevent the attack. This should be borne in mind and a bottle of the Cough Remedy kept at hand ready for instant use as soon as these symptoms appear. For sale by J. W. Gayle, druggist.
